### **SC Home Repair – Kitchen Remodel Checklist**

This worksheet will help you gather information about the various materials and colors you want for your new/remodeled kitchen. **Have it with you as you shop and be as specific as possible.** More information is better than less! So that we may order correctly, **please include item and/or model numbers, brand and/or supplier of the item. An incorrect order can significantly change the proposed start date of work.**

**PLEASE MAKE YOUR CHOICES CAREFULLY.** Choices made on the Materials Worksheet will override any specific choices/details that are in the proposal.

After receiving your materials worksheet, we will review it, type up a copy, and send it back to you for final approval.

***\*Any last minute changes or requests will be an additional charge apart from the signed proposal & quote.\****
